# MIDDLETOWN SPECIAL PROGRAMS

## WHO WE ARE

The Cancer Support Community is dedicated to helping people affected by cancer enhance their health and well-being through participation in a professional program of emotional support, education and hope.

What began as a local grass roots movement, grew into the largest provider of psychosocial oncology support in the world, advancing the idea that psychosocial care is as important as medical care in the face of a cancer diagnosis.

Incorporated in 1993, The Cancer Support Community quickly grew statewide with locations in Wilmington, Dover and Rehoboth. Today, our vision remains the same—

To offer support to all people with all types of cancer, as well as their families and friends, so that no one has to face cancer alone.

We are excited to be able to expand our programs into the Middletown, Odessa, Townsend area.

## WHAT WE OFFER
